Editorial

A book is a mirror to the personality of the person behind. Likewise, a nation's literature can be its portrait, whether the nation be independent or dependent. In the same manner, the history of a college will be reflected by its magazine, news bulletin and any other activities they possess.

Since its inception Lalit Chandra Bharali College has been contributing towards the cause of wellness for nation building. The aim of the institution is to produce the best of human resource in the best of atmosphere, inculcating the spirit of courage, confidence, self-reliance, patriotism, faith in oneself, power of thinking, ability for adjustment and compromise etc. -- the essential qualities that make a responsible, disciplined and dutiful citizen.

Already Lalit Chandra Bharali College has given a new dimension to the educational scenario of the society by introducing non-conventional subjects way back in 1995. Lalit Chandra Bharali College

family i.e. Principal, Teachers, Librarian and Office Staff of the college, extend full cooperation in making it a grand success.

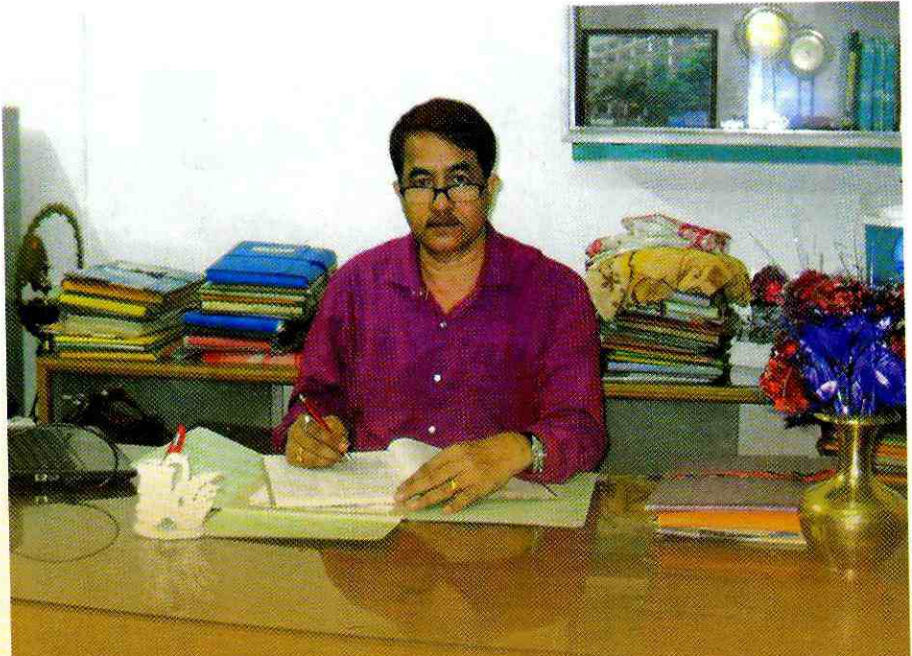

The world has now been transformed to a global village with the ever growing science and technological development and despite of all inconveniences, Lalit Chandra Bharali College never failed to put up its effort in keeping up to the present global pace of advancement. But it is unfortunate that due to some technical difficulties, the bi-annual News Bulletin of Lalit Chandra Bharali College was not published for sometime.

Due to positive environment and being free from all earlier difficulties it is now possible to publish the News Bulletin. Thus, the 'News Bulletin', 2015, volume-14, no.1 is hereby forwarded to the readers.

With Warm Greetings
Dr. Nilima Goswami Sarma
Editor, News Bulletin

ANNUAL COLLEGE WEEK 2015

The annual college week of Lalit Chandra Bharali College started on the 3rd February, 2015 with the ceremonial hoisting of the flag and the 'Sohid Tarpan'. The cultural rally on the inaugural day was initiated for the first time this year. Students of the various departments marched with the teachers accompanying them. Students actively participated in the various sports, cultural- literary events that were arranged during the college week. A significant event in the open general meeting of the college week was a programme of three blind singers of Kamakhya, who enchanted the audience by their melodious performance.

From Principal's Desk

Education in the contemporary context is something which has become very challenging. To cope up with the changing scenario of higher education dedicated and sincere effort of all the stakeholders is of utmost importance. The publication of this News Bulletin is a very prominent step in this direction. L.C. Bharali College from its very inception has been endeavouring to implement the tenets of holistic education as propounded by thinkers like Mahatma Gandhi, S. Radhakrishnan, Sri Aurobindo etc. I expect dedicated participation from the teachers, students as well as from all other stakeholders, in the all round development of the college. I also offer my sincere gratitude to the Editorial Board for this noble work.

With Greetings
Dr. Adison Ali
Principal, L.C.B. College
