

Document: Priyanshu Mallick
Sixth Sem Computer Science
Selected for Internship 2024.

Dear Priyanshu,

We are pleased to offer you the position of Full Stack Mobile App Developer at Begin.ai, focusing on the development of our Reflect App. Your skills, experience, and passion for mobile app development make you an exceptional candidate for this role.

Project Overview:

The Reflect App project aims to create a mobile application that supports users in their personal growth and well-being. The app will utilise the groundbreaking Cognitive Architecture being developed by our AI research team to provide personalised insights and recommendations.

Responsibilities:

1. Mobile App Development
 - Develop and maintain the frontend of the Reflect App using modern mobile development frameworks
 - Collaborate with the backend development team to ensure seamless integration with the Cognitive Architecture
 - Implement intuitive and engaging user interfaces to enhance the user experience
2. Backend Contributions:
 - Assist in backend development tasks when required, collaborating with the backend team to ensure efficient data flow and functionality
 - Contribute to the design and implementation of APIs and data models to support the app's features
3. Testing and Optimization:
 - Conduct thorough testing of the app to identify and resolve bugs and performance issues
 - Optimise the app's performance, responsiveness, and resource utilisation for a smooth user experience
 - Continuously iterate and improve the app based on user feedback and analytical insights

Mentorship and Collaboration:

During your internship, you will have the opportunity to work closely with a talented team of AI researchers, ML engineers, and software developers. You will receive guidance and mentorship from experienced professionals, including direct supervision from Aryan Yadav, to support your growth and development.

Location & Hours:

Shot on OnePlus

This will be a remote position with flexible working hours tailored to foster your learning and Contribution.

Compensation:

We are offering a stipend of Rs. 20,000 per month for this role.

Confidentiality:

Due to the sensitive nature of our projects, you will be required to sign a Non-Disclosure Agreement (NDA). All project details and company information must be kept strictly confidential.

Start Date and Duration:

Your internship will commence on April 11, 2024, and will last for 2 months. Upon mutual agreement, there is a possibility of extension.

We are excited about the potential impact of the Reflect App and believe that your contributions will be significant in shaping its success. We look forward to welcoming you to the Begins.ai team and supporting your growth as a Full Stack Mobile App Developer.

Warm regards,

Aryan Yadav
Co-founder and CTO
