Students' Satisfactory Survey—Analysis

The students' response on teaching-learning and evaluation process was collected and analyzed.

- On the question of how much of the syllabi were covered in the class, the majority of students (58%) were of the opinion that 80-100% of the syllabus was covered in the class.
- 97% of the students reported that the teachers prepared thoroughly for the classes. 48% of them had an opinion that the teacher's preparation was excellent.
- Majority (96%) of the students think that the teachers' communication with the students is always effective.
- Majority (78%) of the students also think that the internal evaluation process is always fair.
- On the initiatives of the college on educational tours and field visits, the students had diverse opinions. According to 20% of students it is on regular basis, and 54% of students reported that it is sometimes. The college needs to put up visible efforts on this count involving all the departments.
- Majority (59%) students reported that the performances in assignments are discussed with students regularly. This need to be made uniform for all the teachers of all departments.
- Most of the students (54%) think that the mentoring helps them in their academic as well as mental growth.
- Almost half (50%) of the students reported that they are well informed by their teachers about their expected competencies, course outcomes and program outcomes . This is a significant achievement of the outcome based teaching-learning approach.
- Most of the students (63%) agree that the teachers cite examples and applications while explaining concepts. This is also a positive acknowledgement for the teachers.
- Most of the students (47%) also acknowledge that teachers observe the students at personal level, identify the strengths of the students.
- Most of the students (90%) also acknowledge that they were involved in participative learning by the teachers. This is a positive outcome of the student-centric methods.
- More than half (68%) of the students have experienced use of ICT tools in the classes. More thrust in this count is necessary by majority of the teachers.
